“ *I have so many memories with Aunt Doris. She always encouraged me to read and her friend Ms Joyce Proctor Beaman wrote a few books and I was blessed with copies and to this day I still have those books. She was very straightforward and didn't sugar anything. She will definitely be missed. Kiss grandma and the others and tell them we love and miss them so much! Rest well beautiful.*

My deepest sympathy and condolences goes out to the Edward, Williams and Chavis families. Ms. Doris will be greatly missed. I was 5 years of age when I met her, that seems like a lifetime ago. She was a special friend of my father. She always called him "White". Again, I am sorry for your loss.
