“ Christy you always had a beautiful smile for me and positive thoughts no matter what you were going through. I looked forward to seeing you each day as I came to buy my coffee. You knew I'd be there and would always have a fresh pot of Hazelnut for me. I loved our conversations about our daughters our jobs and life in general. We encouraged each other daily. To the family my prayers go out to you and to her daughter your mom loved you so so much! Remember memories are forever and God will give you strength lean on him.
Love to you all!

“ I will always remember when you and Pam would come stay with us overnight growing up and how we always baked cookies. I looked up to yall and thought yall were the coolest. Im still in disbelief and trying to understand that while we loved you God loves you more and saw your pain so he took you home. Rest easy baby

“ *We were far more than cousins. I loved you like a sister and will always carry the memories we have in my heart. It is so hard to say goodbye so I won't say it. I'll just say rest until we meet again. I love you always.* ”

I love my sister so very much. She has been my baby sister, my friend, and my confidant for the last 40 years. I have seen her at her happiest times and seen her lately at her worse times. Christy suffered in her final days. My prayer everyday was for God to alleviate her pain. He answered my prayers in today. I will forever miss my baby sister and remember all the good times we shared. I love you forever and always. Until we meet again. Rest in peace ...
