Larry "" Pop " whom I have known since his freshman year at North Edgecombe HS. After moving to DC and finding out that there was twight a number of us fro Phillips and NEHS lived in the DC area and worked for the same company WMATA we would get together almost every weekend to go around different areas in MD< VA< and DC to play Basketball. The last conversation we had was around the later part of of the old year or the early part of the new yew, and he was telling me that since I was in the Waldorf area a lot, that I should come and see him. Well I am very sadden that I did not make the effort to see him. He was a good brother with a great heart. GOD sent him home as Jesus said " the way to my father's house is through me. I am very saddened but, The Lord knows best, I have 50 years of memory knowing you and some of your brother, what a great family to to know. May god Bess the Throne family and heal their minds and hearts. Pop was indeed a great friend.
