“ Today makes one month since Sista transitioned. We all miss her dearly. So many things that we all wish we could talk about with her. She was our great listener and we all still feel like this is a dream. Prayers are still needed and with God's help, his grace and mercy, we will continue to carry on her legacy. Missing my Sista, Luv(Debbie)

“ My Sista,  
I am truly going to miss our hours of conversations on the phone. We could always find something to chat and laugh about. We had a special bond as sisters that could never be broken. Sista has always been there for me as well as the entire family. This one has hit me hard, but God always has the best plan for our lives. Her memories will always be with me and the family. Sista was the nucleus of the family because that is what meant the most to her. I am so grateful for the time that God allowed us to have her with us, but God's will has been done. Love your knee-baby sister. Luv (Debbie)
