“ To my sister I love you dearly I am so heartbroken you shared with my family on the passing of my brother you went to repast with us and you shared words of comfort with me did not know that it would be the last time I see you. But you checked on me last week did not know that you were going through it yourself take your rest sis love you to the moon and back. Praying for the family that God will give you strength to endure the days ahead live off the loving memories of your dear mother, sister, & friend to ease your aching heart.
