“ I remember Michael from elementary school. He was one of the kindest people. He smiled and laughed frequently. I always wondered about how life went for humans I was so happy to see that he won awards with OIC.

“ My condolences to the family. Michael was my neighbor and often did various odd jobs for me. I recently asked about him, as I have not had a random knock on my door from him in a while. He fondly called me "ma" (mainly because he couldn't remember my name, and I was fond of him. He will be missed. Rest well, Michael, rest well...

“ Michael bka "Mike" was a part of my family. He checked on my father on a daily basis. Always saying that he just stopped by to see if "daddy" as he called him needed anything. He was a caring person. And he always would say to me " When are you gonna let me wash your car. Made me think twice and ask myself, does it look that bad? Lol. Love Tina Stokes and family.
