“ I’m a firm believer that when we lose someone close to us, they continue to live on through us and give us unbelievable strength. They’re so connected to us that they become a part of us. The loss of Pat is this way for me and I’m sure that you as her family share the same sentiment.

*During the thirty-plus years that I’ve known her, I grew to love her like a mother. It didn’t take long to connect with her loving mind and her loving emotions, it didn’t take long to appreciate her selfless and giving ways, it didn’t take long to see how beautiful she was inside and out; not to mention her sense of humor that would oftentimes show me how to not sweat the small stuff.*

*She became part of the whole village that played a key part in helping me raise Jacobi and for that alone, I am much appreciative. Thank you so much for allowing me to share in the life of such an incredible, loving person. I know her wings are well-deserved. May the peace of God be with you all as Pat has found eternal rest.*

*Love - Cara and Jacobi*

“ As a friend to one of Ms. Patt's children, I have witnessed her display of love for them first hand. She always gave great advice and she possessed a good sense of humour. She always made me feel at home in her house, and I will forever be grateful and touched by her generous spirit!

*“ The first time I met miss pat, she embraced, me with so much love and kindness. As I set and talking with her ,she was so smart and knowledgeable, and one of the sweetest people I knew. I was telling her I was in a job I really hated, she advised me to leave that place and don't look back,because you are better than that, and she was right. I really thank her for that encouragement, it meant the world to me. Rest in peace, miss pat you will be so missed.*
