“ We always referred to each other as Block siblings. Almost 20 years, we aggravated each other from Nash to me blowing my horn wildly on my mail truck in Scotland Neck to checking on me during my husband's hospital stays at UNC Nash. My husband and I send our condolences and prayers to your family and friends and coworkers.

“ He always ate my pop tarts when he came to my office. We spent every work day talking about family and sports, pretty much any and everything just to get our minds off of work. I'll miss him. I sure wish I could see him walking in after line up like he always did. Praying for the family. Just know that he loved talking about y'all and was proud of y'all.

“ My condolences to his family. I will miss Wesley tremendously as I have worked close with him almost everywhere I've been in law enforcement from Whitakers PD to UNC Health Company Police. He was like a big brother to me and always called me once a week or so if we haven't seen each other. Until I see you again Chief Morris.

“ Sergeant Morris and I go back 15 years. I always called him "my dude" For me he was just that guy. Always uplifting, motivating, and pushing for the best. He shared and gave everything he had. In addition to an awesome friendship in and outside of work. Our kids went to the same school at one point, So we were always talking about family. He always told me to remember to put family first.

*I will forever miss him and the energy he had. I will continue to pray for his entire family in their time of bereavement.*

*Love you forever my brother!!!!*

“ *Wes and I graduated from basic law enforcement training together in August of 2015. We kept in touch throughout the years. I always called him Morris and he always called me Scott. As we had called each other in the academy. He was the hardest working man I've ever known. He always had more than one job and did everything he could to provide for his family. He cared about his friends and was as loyal as they come. I talked with him last week before he passed and had no clue it would be the last time I spoke to him. May you continue to rest in peace my brother. Prayers for your family may the Lord guide them through this trying time.*
